Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Grenade Warfare: Notes on the Training Organization of Grenadiers I. Subjects of Instruction. Grenadier Instructors must be thoroughly conversant with the following Official Publications: - 1. Manual of Field Engineering, Chap. XIV, Secs. 98-107. 2. Infantry Training. Appendix 1. 3. Musketry Regulations. Part 1, Appendix VII. 4. Instruction Guide to Grenades. 1915. There is as yet, however, no official publication dealing with the practical training of grenadiers. It is the purpose of the following notes to suggest a simple scheme of training, avoiding the more intricate technical detail, and concentrating mainly on the practical qualifications which an efficient grenadier must possess. There are seven main subjects of training: 1. Explosives, Detonators, Fuzes, etc. 2. Improvised Bombs. 3. Service Grenades. 4. Grenade Throwing. 5. Bayonet Fighting. 6. Barricading. 7. Organisation and Tactics. The first three are partly theoretical, and there is no need to teach more than a simple working knowledge of the subjects. Nos. 4, 5, 6, call for long and careful practice, and a high degree of skill. No. 7 should be made the final stage of training, and must not be attempted until an adequate standard in every other subject been reached. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
