The Midwest boy sat next to his pa one night and learned of a very different kind of moon. A LIARS MOON. From that day forward, from his divorce in Tampa, Florida to the beautiful Northwest in Washington he lives under the superstition skies while blaming the lore for his misfortune and uncertainties that hampered him at every important decision, that went bad. Through all the love and pain, and questionable romances at both ends of his years he struggled to make sense of them. But the small world capped by the threatening moon and clouds of doubt can't stop a surprising outcome for all. This item ships from multiple locations.
