Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

SUGGESTIONS FOR THE PRESERVATION OF THE VOCAL ORGANS. The foregoing inquiries, why strength of voice is important to a preacher, on what it depends, and how it is promoted by exercise, lead to some practical reflections on which I propose to enlarge. These reflections all have respect to one chief point, the preservation of the vocal organs. In more than one instance, Gentlemen, I have heard young ministers, who had been my pupils, whispering with broken lungs, their surprise, that the point I am now urging should not have been seasonably thought of by themselves. My reply to them has been as it will be to any of you, should I hear you utter the same regret, some five years hence; It is not the fault of your Instructors, that these things have not been thought of. While this subject is in hand then, I affectionately offer you some admonitory remarks, in the hope that they may save some of you from those painful lessons, which so many have refused to learn from any teacher but experience. It is a subject, I am well aware, which belongs rather to the Medical Professor, than to me. But if the learned physician well understands the danger of the public speaker, which is not always the case, his counsel, in most instances, does not bear on the mischief in season. It is not sought except to administer the pound of remedy, where the ounce...
