paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 322 Publisher: Machinery Industry Pub. Date :2011-07-01 version 3. Mechanical Engineering (3rd edition) edited by Miss extension is to adapt to higher vocational education and higher education in mechanical engineering specialist education system reform. the principle of metal cutting and tool. Introduction to metal cutting machine tools. machine fixture design. Mechanical Manufacturing Engineering. Metal Technology and several professional courses in the core of teaching content organically combined. from the ability to apply technology to develop and enhance project quality education starting in the basic principles of mechanical engineering-based manufacturing lines. written in a comprehensive basic course in mechanical engineering materials. The book is seven chapters. the main contents are: base metal cutting. metal cutting machine tools and cutting tools. machinery manufacturing and process planning. machining quality of the technical analysis tools commonly used fixtures. typical surface processing technology with the typical components. special processing technology and other new technologies. Mechanical Engineering (3rd Edition) focus on the practical application. highlight the basic concepts. content refined. concise examples. for higher vocational education and higher education institutions specialized machinery for professional use. but also for teachers and students in Higher Education the engineering and technical officers. Contents: Preface 3 2nd Edition Introduction Preface Chapter 1 metal cutting metal cutting base first section the basic knowledge of one or two cutting movement and the workpiece surface. the cutting elements of three. tool materials. tool geometry II and selection of a tool material should have the performance two. three high-speed steel. carbide four other metal cutting tool material during the third quarter and the basic law of one. the deformation process of two metal cutting. cutting force and cutting power of three....
