SECURITY AND MIGRATION IN THE 21ST CENTURY (HARDBACK)

[DOWNLOAD](#)

Polity Press, United Kingdom, 2009. Hardback. Book Condition: New. New.. 230 x 160 mm. Language: English . Brand New Book. The 21st century has brought new and challenging dimensions to our understanding of security and migration. The old Cold War framework of security as related to war and peace, international relations and foreign affairs has given way to a multiplicity of competing notions, including internal security, human security and even social security. At the same time, migration has become a hotly contested issue, characterised by an enormous difference of views and objectives. So what do we mean by security and migration in the contemporary world? How do these two important fields intersect? And what does this collision of policy concerns and public interests mean for states and individuals alike? In this cutting-edge book, Elspeth Guild seeks to answer these pressing questions, drawing on a wide range of recent examples from the impact of asylum seekers on state border security to identity security in citizenship rules to illustrate her arguments. By approaching the topic from the perspective of the individual - citizen of one state, migrant in another - the book examines key aspects of the security-migration nexus, such as the relationship with refugees; torture; extraordinary rendition; privacy and the retention of personal data; and human rights protection. The first volume in Polity's new ?Dimensions of Security series, this book is a must-read for all students of international politics, development studies and related fields.
