Not illustrated. 1922 Excerpt: . . . 1910: One wonders whether this is an attempt to explain Osteopathy and Chiropractic to the understanding of the regular practitioner; or to exploit the very ingenious devices of the author; or whether it is really true that medical men know practically nothing about the cure of disease through treatment of the spine. Let us hope that it is the latter, and that a careful study of his unique volume may open new avenues of therapy heretofore undreamed of. It is quite evident that the concluding lines of this review were meant to be deeply sarcastic; and the Abrams publisher may be pardoned, we think, for turning it against the reviewers by isolating the latter part and running it as a straight ad for the book; although the A. M. A. critics complain bitterly of the bad faith in the garbled quotation. And they wondered if the book were an attempt to explain Osteopathy and Chiropractic to the regular practitioner. But for the fact that the medical profession spends most of its time wondering and deliberating--while their patients languish and die--we might wonder why the A. M. A. reviewers of Abrams work on Spondylotherapy should seek to make a mystery of what the author himself makes a frank acknowledgment in the preface, namely, that the book was designed to furnish a scientific explanation of the good results obtained in Chiropractic and Osteopathic practice. And Abrams warns his medical colleagues: Neither the fury of tongue nor the truculence...
